

October 28, 2016

On September 27, 2016, the New Hampshire Vaccine Association (“NHVA”) Board voted to set the 2017 calendar year assessment rate at \$10.30 per assessable life per month. The 2017 assessment rate calculations will be made for amounts due on May 15, 2017, August 15, 2017, November 15, 2017, and February 15, 2018 for the measuring months of January through March, April through June, July through September, and October through December, 2017, respectively.

The prior rate of \$9.95 as set by the board last year, remains in effect for assessment payments due November 15, 2016 and February 15, 2017. NHVA’s self-reporting assessment system will automatically calculate assessments at the correct rate for each period.

We thank the payer community for its ongoing support of the New Hampshire Vaccine Association funding program.

We invite you to review NHVA’s Audited Financial Statements through 6/30/2016, available under this website’s “REFERENCE” tab.
